- Managing rangelands for wildlife
- Managing rangelands for live-stock types
- Forage and animal balance

Sampling, measuring, and monitoring...evaluate what you have, decide what you want, check to see if you are making progress.

**Learn with your neighbors!  
Receive expert instruction from ranchers as well as agency and university staffs!**

## 2009 Schools Rangeland Management with Emphasis on Economics and Environment

### Co-sponsoring Entities:

- **USDA Natural Resources Conservation Service**  
*USDA is an equal opportunity provider and employer*
- **K-State Research and Extension**
- **KS Section of the Society for Range Management**
- **Playa Lakes Joint Venture**

**Sessions** start at 9:30 a.m. with registration on the first day and end after lunch on the third day. See agenda for more details.

Detailed agenda and directions will be sent to those registering by the August 2009 deadlines. See [www.kglc.org](http://www.kglc.org) for draft agendas and other camp details.

## Scholarships

Tuition, room and board for attending the school is \$250 per person. Additional people from the same entity (ranch or business) will be charged \$200 per person. Scholarships of \$150 are available for most ranchers. Apply for a scholarship using the simple form online at [www.kglc.org](http://www.kglc.org) or call **(620) 241-3636** to apply. All scholarship forms must be received by KGLC **BEFORE JULY 17.**
